

3.5mm & USB Type C Wired Headset with In-Line Control

No.: 20432

3.5mm & USB Type C Stereo Headset with condenser microphone

Description

- 3.5mm & USB Type C binaural headset for use in unified communications, call centres & home office setups
- In-built omni-directional microphone for vocal clarity
- Lightweight, adjustable design
- In-line control for volume adjustment and mute functionality
- 2 year warranty

Wired headsets are essential accessories for audio playback and speech, perfect within unified communication environments, as well as home and office conferencing and call setups.

The Lindy 3.5mm & USB Type C Wired Headset with In-Line Control is a professional headset for connectivity with PCs, laptops, or other 3.5mm and Type C outputs. The binaural design provides clear stereo audio playback, replacing in-built PC or laptop speakers. With a fixed 3.5mm Male cable, and detachable 3.5mm female to USB-C male cable, this headset provides a versatile solution for connection with a variety of source devices. The flexible omni-directional microphone captures the users voice clearly for superior video calling clarity. The in-line controls ensure simple volume and muting adjustment, great for flexible use within video conferencing. The headset's lightweight design ensures comfort even with all-day use within offices and call centres and they can be also used in conjunction with popular VoIP and Office software.
