## **FCC Warning**

This equipment has been tested and found to comply with the limits for a Class A digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference when the equipment is operated in a commercial environment. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the Instruction manual, may cause harmful interference to radio communications. Operation of this equipment in a residential area is likely to cause harmful interference in which case the user will be required to correct the interference at his own expense.

## CE Mark Warning

This is a Class A product. In a domestic environment, this product may cause radio interference, in which case the user may be required to take adequate measures.

## WEEE Warning

To avoid the potential effects on the environment and human health as a result of the presence of hazardous substances in electrical and electronic equipment, end users of electrical and electronic equipment should understand the meaning of the crossed-out wheeled bin symbol. Do not dispose of WEEE as unsorted municipal waste and have to collect such WEEE separately.

## 1. Package Contents

Thank you for purchasing PLANET Long Reach PoE over Coaxial Extender, the LRP-101CE. “**Long Reach PoE over Coaxial Extender**” mentioned in this manual refers to the LRP-101CE.

Open the box of the Long Reach PoE over Coaxial Extender and carefully unpack it. The box should contain the following items:

LRP-101CE	User's Manual
	

Note

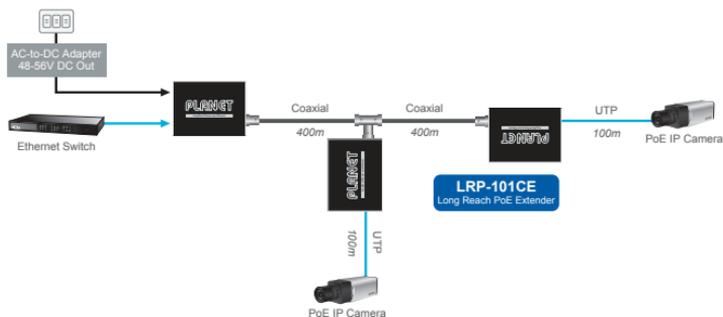

If there is any item missing or damaged, please contact the seller immediately.

# LED Descriptions

## > System & LRP Coax Interface

LED	Color	Function
PWR	Green	<b>Light:</b> indicates the power is on.
LNK	Green	<b>Light:</b> indicates that the coaxial link is established.
		<b>Off:</b> indicates that the coaxial link is down.

## > RJ45 10/100BASE-TX Interface

LED	Color	Function
PoE In-Use	Amber	<b>Light:</b> indicates the RJ45 port is providing PoE power
LNK/ACT	Green	<b>Blink:</b> indicates the extender is actively sending or receiving data over that port.
