

### High Performance 802.11ac Wireless Access Point for Multimedia content

The NETGEAR ProSAFE® WAC730 is a high performance 3 x 3 business class dual band 802.11ac wireless Access Point (AP) that can support an aggregate throughput of up to 1.75Gbps (450Mbps for 2.4GHz and 1.3Gbps 802.11ac for 5 GHz). WAC730 operates in standalone or ensemble mode for centralized group management of up to 10 like Access Points without additional hardware, licenses or support fees. WAC720 is also WC7600/WC9500 Controller and Business Central cloud ready.

In addition to centralized configuration, Ensemble also allows you to initiate common firmware updates as well as monitor client connectivity and usage through a centralized dashboard.

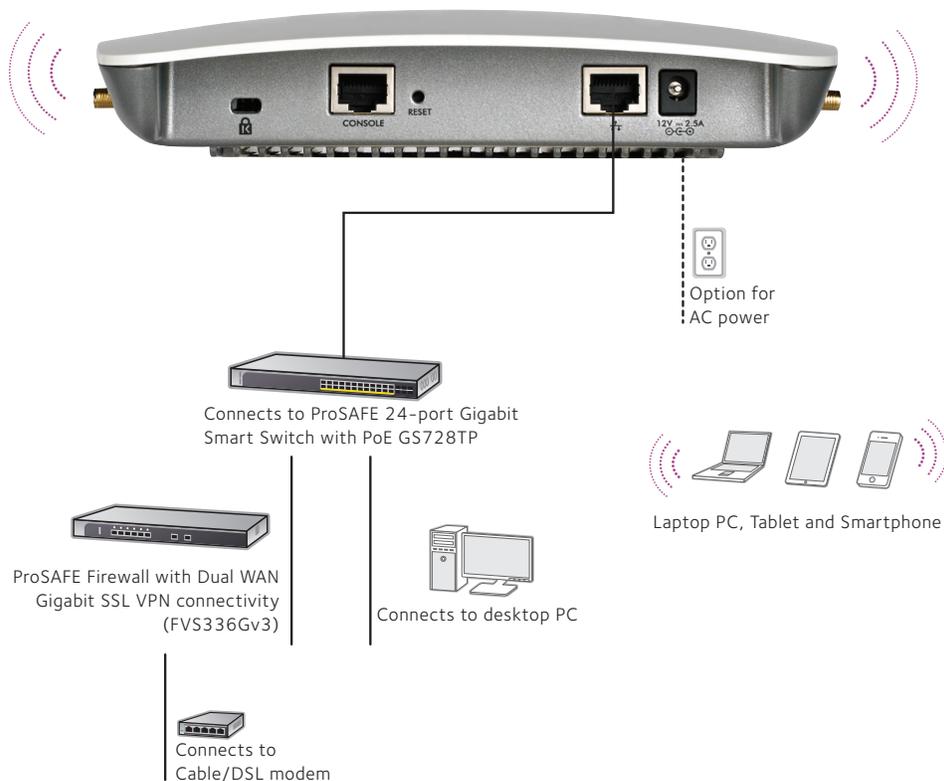

- Maximize the use of wireless medium for delivery of high throughput content
- Reliable wireless coverage with 3 streams of data based on 3 x 3 (Transmit and Receive) optimized internal antennas
- Compact and elegant design stylishly blends into the environment
- Concurrent operation in 2.4GHz (450Mbps) and 5GHz (1.3Gbps) for maximum wireless throughput
- Backward compatibility with 802.11a, 802.11b, 802.11g, and 802.11n network devices
- Integrated Power over Ethernet (IEEE 802.3af PoE) lowers deployment costs
- Ensemble mode management with support of up to 10 Access Points without the need for a controller
- Deploy wireless coverage over large areas with point-to-point and point-to-multipoint bridging via Wireless Distribution System (WDS)
- Business-class security features include WPA, WPA2, rogue AP detection and 802.1x with RADIUS support
- Easy mounting mechanism for quick wall or ceiling installation
- Internal antennas factory-optimized for maximum RF performance
- Antenna take-offs enable optional accessory antenna attachment for 2.4GHz and/or 5GHz operations

Intuitive dashboards of Ensemble Mode

### Target Applications

### Product Comparison

Features	WAC730	WAC720	WNDAP660	WNDAP360

### Technical Specifications

#### Wireless Characteristics

##### Standards

- IEEE 802.11ac Wave 1 standard
- WMM Wireless Multimedia Prioritization
- WDS Wireless Distribution System
- Power over Ethernet (PoE) IEEE 802.3af/802.3at

##### Physical Specifications

- Physical Dimensions (W x D x H): 197 x 197 x 40mm (7.76 x 7.76 x 1.57in)
- Weight: 726g (1.6lb)

##### Physical Interfaces

- One (1) 10/100/1000BASE-T Gigabit Ethernet (RJ-45) ports with Auto Uplink™ (Auto MDI-X) with IEEE 802.3af or 802.3at Power over Ethernet (PoE) support
- Power adapter (not included): 12V DC, 2.5A; plug is localized to country of sale
- One (1) console port with RJ45 Interface
- Three (3) reverse SMA antenna connectors for dual band 2.4 and 5GHz external antennas (not included)
- Five (5) LED: Power, Link/ACT, LAN, 2.4GHz, 5GHz

#### Security

- WiFi Protected Access (WPA, WPA2)
- Wired Equivalent Privacy (WEP) 64-bit, 128-bit, and 152-bit encryption
- IEEE 802.1x RADIUS authentication with EAP TLS, TTLS, PEAP
- Wireless access control to identify authorized wireless network devices
- MAC address authentication
- VPN pass-through support
- Secure SSH telnet
- Security Sockets Layer (SSL) remote management login

#### Management

- Ensemble Management for support of up to 10 like Access Points in a single cluster
- Remote configuration and management through Web browser, SNMP or telnet with command line interface (CLI)
- SNMP management supports SNMP MIB II, 802.11 MIB and proprietary configuration MIB

#### Advanced Wireless Features

##### Wireless Distribution System (WDS)

- Bridge mode: Point-to-point wireless WDS mode
- Bridge mode: Point-to-multipoint wireless WDS mode
- Repeater mode
- Adjustable Transmit Power Control (TPC)

#### Package Contents

- ProSAFE® Business Dual Band Wireless-AC Access Point (WAC730)
- Ethernet cable
- Ceiling and wall mount kit
- Installation guide

#### Accessories

Power Adapters with plug localized to country of sales

- PAV12V-100AUS (for Australia)
- PAV12V-100EUS (for Europe, outside of UK)
- PAV12V-100NAS (for North America)
- PAV12V-100PRS (for China)
- PAV12V-100UKS (for UK)

#### NETGEAR Warranty\*

- NETGEAR ProSAFE® Lifetime Hardware Warranty.
- ProSUPPORT™ Lifetime Chat Technical Support (Remote diagnostics performed by our technical experts for prompt resolution of technical issues).
- ProSUPPORT 90 days(24/7) Live Phone Technical Support during business hours.
- Lifetime Next Business Day (NBD) Hardware replacement (See <http://onsite.netgear.com> for coverage, availability and terms and conditions).

#### Ordering Information

- **WAC730-10000S:** Everywhere except U.S and Canada
- **WAC730-100NAS:** U.S and Canada

\* This product comes with a lifetime warranty that is valid only if purchased from a NETGEAR authorized reseller, and modifications to product may void the warranty—not software or external power supplies; see <http://www.netgear.com/about/warranty/> for details. Lifetime technical support includes basic phone support for 90 days from purchase date and lifetime online chat support when purchased from a NETGEAR authorized reseller. This product was tested for quality and its components may be recycled. For indoor use only.
