

DIGITUS® Snap-In Adapter for Patch Panels

✓ Snap-in adapter

✓ Cover or expand empty fields

✓ Protects against dust and damage

✓ Available in grey and black color

Abstract

DIGITUS® Snap-in adapter for Patch Panels

Features

- Snap-in Panel mount
- Versions: Blind plate, LC Keystone frame, ST Keystone frame
- Available in colors grey or black

Product Overview

The DIGITUS® Snap-in adapters for Patch Panel offer you the easiest solution to expand empty fields of your Patch Panel or to cover them. The usage of blind plates makes it possible to cover fields, which are not in use, to protect them against dust and damage. The LC or ST Keystone frames contain a slot in each case for LC or ST plugs and are therefore optimal to optimize the cabling of your Patch Panel.

All DIGITUS® Snap-in adapters are available in the colors grey or black.
