

GOLD LINE

NO COMPROMISE

Gold Line has been developed with distinctive gold plated, full metal connectors to provide added strength and striking visual design. Gold Line's capability for lossless signal transmission and incredible bandwidth over the longest

distances makes for a no compromise cable solution in the most demanding environments.

CROMO LINE

DESIGN & PERFORMANCE

Cromo Line cables are perfect for use in prosumer and commercial AV applications where high levels of performance and design are essential. Cromo Line benefits from unique chrome design connectors with gold plated contacts for a

blend of performance and artistry that delivers stunning content reliably.
